NACA- AMES AERONAUTICS LABORATORY

INSPECTION June 27 - 28, 1955

69 36 A Cl-144

CONTENTS

1. Introduction

2. Invitations, Programs, etc.
   a. Invitations and acceptances
   b. Programs
   c. Booklets
   d. Identification Badges

3. Inspection of Laboratory
   a. Static Stability
   b. Dynamic Stability
   c. Simulators as an Aid to Flight Research
   d. Airplane Flexibility
   e. Transonic Research
   f. Hypersonic Research
   g. Research on Take-off and Landing
   h. Unitary Plan Wind Tunnels
   i. Jet Aircraft Crash-Fire Research
      Craft Impact Survival

4. Luncheon
   a. Arrangements and Photographs
   b. Exhibits

5. Guests
   a. Group photographs
   b. List
   c. Candid photographs

6. Press Releases

7. General Arrangements and Planning
   a. Memorandums
   b. Speakers
   c. Routing maps
   d. Electrical Requirements
