Subject: NACA Airplane transportation to Ames Inspection

1. The Langley and Lewis Laboratories are each authorized to send one NACA DC-3-type airplane to California to transport personnel for the Ames inspection in July 1952.

B 35857 adh

2. Personnel enumerated in Lewis' undated letter received June 23, signed by Dr. Sharp, are approved. It is desired that this plane proceed to Washington to pick up three passengers to be provided from the Headquarters staff, and fix its schedule to arrive at Moffett Field by July 12, or no later than noon, July 13.

3. Langley is requested to submit to Headquarters names of its personnel to go on a similar plane, which plane should also plan on stopping at Washington (Butler Aviation) to pick up additional passengers to be provided from the Headquarters staff.

4. Mr. Bonney is authorized to represent Headquarters in determining the passengers originating from Washington for both the Lewis and Langley planes.

Dear Dr. DeFrance:

I would like to suggest that you send an invitation to Mr. Clarence Burke, General Electric Company, 6901 Elmwood Avenue, Philadelphia 42, Pennsylvania, to attend your Inspection in July. Mr. Burke is Manager of Marketing of the Switchgear Divisions. He would probably be interested in attending.

Very truly yours,

Dear Ed:

Attached is a letter to headquarters setting up names of the people who will be flying out to attend the Ames inspection, and then to go on Tuesday night to Los Angeles to attend the I.A.S. meeting.

Abe and I thought we would stay over and visit Santa Susana, Azusa, and Point Mugu, and two or three of the airplane companies. However, we find we are heavily committed for the following week here, so we will have to return at the end of the week. Maybe we can come out at another time and visit when I am sure it will be better for both you and ourselves.

Looking forward to seeing you.

Very truly yours,
